Let our Judicial, Legislative and Executive
branches of government be firm in the right, as
God has given them to see the right.

God, not church or any creed is above any
nationality whether Jewish, Roman, Mohammedan,
Muslim, Confucian, Rosicrucian, Deist etc.

In our land of freedom, our nationality
or the idealism of individual freedom, for which
our Forefathers so bitterly and so courageously sacri-
ficed and fought, must be forever above any creeds,
and the Commandments of God and the Beatitudes of
Christ must forever be respected by the laws of our
land whether practiced, obeyed or loved by her citizens
or not.

In his time, Thomas Paine, a modern fore-
man, wrote scrolls or pamphlets on "Common Sense",
the "Rights of Man" and the "Age of Reason", which made
the birth of this "New Great Nation" possible. Can
they ever be burned, destroyed, neglected or forgotten?

How grateful are we for them in this present
"Age of Reason and Enlightenment".

Shall we now instead permit our land
to be flooded with enormous statues of the Virgin Mary
to be seen for miles? Or shall we rather refresh
our memory, and rededicate ourselves to and brighten
the light of the Lady with a lamp which stands in the great
library of a Great Land "(of Liberty)".

Samuel Longfellow.

Evidence is what is needed in all decisions,

Allen W. Dulles
Director of C. I. A.
Washington, D. C.

Shall God's law of
freedom or man-made organizations
rule the world?

Dear Mr. Dulles,

You are so very right, the Soviet tide shows (inevitable) signs of slackening "which your noble brother John Foster Dulles, so ably, so faithfully, so devotedly and so courageously helped to stem; but, as this writer has seen and observed for many years, there is another tide swelling up, not only in Europe, which urgently needs slackening and another unity besides the United Nations, that urgently needs to be renewed, revived and strengthened if our "Four Freedoms" are to survive.

For many years this writer has searched and pondered for the ways and means to enhance, preserve, defend (if need be), cement and glorify our national unity!

As Director of the Central Intelligence Agency, this letter is addressed to you.

Intelligence is what we want, God gave it to us, are we using it aright?

Freedom is what we want, God gave it to us, (in the U.S.) are we properly safeguarding it?

Unity is what we want and need, on what basis can it be justly claimed and maintained?

As we have needed and have been blessed
with a beautiful symbol of liberty which we neither
holye, worship nor turn down to, but devoutly cherish
and believe in), so to day we need a symbol of truth
and unity under One God to protect individual free-
dom and all man's God given Human rights which
he now possess in this 'Great Nation' with it's Great
Constitution.

Years ago this writer wrote you brother regarding
such a visiting theme a symbol in the U.S.A., the
need for which is becoming hourly more apparent if
our character a nationalism is not to be blotted out
as superseded by Communism or Italian divided
Imperialism as Father Paullusen so clearly states (see
(the enclosed) quote: "The spirit of (Roman) Catholicism
is much stronger than the national spirit". What
challenge to us, in U.S.A., and most a disgrace to
us, if we do not meet and defeat it!

Freedom of Faith Desecrated in Russia (see
Enclosed, Those freedom ?, List of 3000 disturbed, Jews,
Gypsies, Gypsies, Freemasons and others ?

In the name of the Russian's sacred religion
Jesus Christ "Thine service ye would last men should
do to you, etc ye can do to them" Matthew 7:12. Is
not hypocrisy to instill fear and demand what
cannot be done to give?

The Bolsheviks completely free in their in-
telly or in any Catholic dominated countries?
Are our industries and is God free from
Satan from our systems?

Do we love the Communists? Do we know, understand and appreciate what they stand for?

Do we strictly and faithfully teach what this means in our Public Schools?

Do we properly guard and fearlessly defend these truths against needed encroachments?

Did Almighty God, in His great mercy, give us the United States, or must we thank Rome for them?

Who or what makes and where is our "World Unity or Solidarity Congress"? (see article)

Yes, all Linkers will agree, "A new world is in the making and it will be one world" (see article), but there is nothing "mystical" about this one world.

What we need to day, is another Tom Paine in the powerful pen of a Thomas Paine to expose once the evils still lurking, designed to corrupt, confuse, and control the mind of man.

What is our missing Homer (see article) seemingly so lacking at the United States Fair in Moscow?

Are we still so ignorant of the power of a mappreciation of our human and divine rights, that we become apathetic, allegorical cowards?

When we will have stemmed the tide, a gotten rid of an already overdeveloped enslaving spirit of Communism, which does not look to any priesthood for happiness or to any God for a code of ethics, will we have to stem once again a spirit of overdeveloped enslaving overambition,

dominating priesthood, which we could never
forget. ^{Approved For Release 2003/04/02 : CIA-RDP80R01731R000200150042-2}
live in all humility, until we learn and know
that then Christ we are all made "kings and priests"
unto God.
Verdolini.

The only freedom Communism wants is to
control the whole world, we know that!

The only freedom Romanism wants is to
control the whole world, so we see, hear and read
but we scarcely believe!

If there are any golden calves or idols
of any kind in our national monuments or called so,
on one side of them and not freely break the
3^d & 4th Commandments of God, if we look to
the command for destruction and punishment. Also,
"all no man you gather upon yourself" and "there
is none good but One, that is God." Matthew 19:17.

Regarding his mission and teaching, the
Master said to his earthly mother "Woman what
I do for you will see" John 2:14 and to his dis-
ciples he said: "Beside my mother and my
brother you shall see none in me but I may
call her which is in heaven, the same is my mother
and sister and brother." Matthew 12:44,50.

King before the advent of Jesus (in Russia),
would write 42:8. "I am the Lord, that is my
name: And my glory will I not give to another,
nor my praise to graven images."

What a motto this, to be added to our
word "In God we trust"!

FREEDOM OF FAITH BESOUGHT IN MASS

Byzantine Rite at Fordham Offers Supplication for Worship in Red Lands

By GEORGE DUGAN

The ninth annual Byzantine Mass for Freedom of Religion in Russia and other Communist-Dominated Countries was celebrated yesterday on the Bronx campus of Fordham University.

The Rev. Peter Leoni, a Jesuit priest who spent ten years in a Soviet prison camp, was the celebrant.

Sung in Old Slavonic by an a cappella choir, the mass followed the ancient Slavo-Byzantine rite, common to more than 100,000,000 worshipers in Eastern Europe and the Middle East.

The freedom of religion mass is sponsored each year by the Institute of Contemporary Russian Studies and the Russian Center of the university.

Father Leoni was released from a prison camp in Vorkuta in Northern Russia in 1955. Next month he will join the faculty of a school for Russian children in Santos, Brazil.

The sermon at the mass was preached by the Rev. John H. Ryder of the Fordham Russian Center.

The Protestant Pavilion Fund, a voluntary committee of 100 Protestant newspaper editors in this country is trying to raise \$90,000 to move to a permanent location the Protestant Pavilion at the 1958 Brussels World's Fair.

The relocated edifice, according to present plans, would serve as an International Christian Fellowship Center for visitors to Europe as well as a conference and training place for missionaries and young church workers.

The committee is headed by Mrs. Theodore O. Wedel of Washington, past president of United Church Women, and Charles C. Parlin of New York, a prominent Methodist layman. Committee headquarters are in Washington.

World Unity Held Catholic Goal By Leader of Sodality Congress

Roman Catholic lay leaders interview here, should be have a task in developing a world government far stronger than any federation that has existed in the past, the International Director of the Secretariat of World Sodalities said yesterday.

The director, the Rev. Louis Paulussen, arrived in the United States from Rome last Sunday to supervise preparations for the Second World Congress of Sodalities of Our Lady. The meeting will be held at Seton Hall University, South Orange, N.J., Aug. 20-23.

One practical result of the

strengthening of the supernatural-minded spirit among Catholic laymen who attend.

"The spirit of Catholics is much stronger than the national spirit," Father Paulussen said.

"A new world is in the making, and it will be one world. The church concept of the Mys-

tical Body of Christ is the idea of world federation."

Indirectly, he said, the sodalities, which are local organizations of 8,000,000 lay leaders over the world, back world government by making alive in Catholics a feeling for world federation.
